No matter what your credit history is, we'll help you get the things you deserve.

We give you...

Current Account

The THCCU Current Account gives you a basic bank account you can use 24/7. You can get the money that is in your account whenever you want it from most cash machines.

VISA Debit/Cash Card

You get a VISA Debit Card (or an ATM card) with your account. The VISA card can be used at shops, on the internet, at restaurants, and thousands of other places. Get your money twenty-four hours a day, seven days a week.

Fast Access to Your Money

If you have your incoming payments sent directly to your THCCU Current Account, they come by fast bank transfer and they can be used immediately when they arrive in your account.

Cost Savings

Making regular payments can be cheaper and easier. Many companies now give a discount when their bills are paid by Direct Debit from a bank. If a Direct Debit is wrong, you can very easily recall it.

Control of your money

- You are safe with your Visa Debit Card because you don't have to carry large amounts of cash.
- Use your Visa Debit Card anywhere you see the VISA sign
- You get no bad surprises because you can't spend more than you have in your account.
- Always know what you have by calling us, checking at a cash machine, or visiting any branch.
- Free quarterly statements sent to your address
- Your account is billed at £3 each month to cover our costs of running it; see the tariff sheet.
- Your VISA Card works for Internet Purchases and PayPal payments.
- Instant transfers to and from your Credit Union main account.
